# CZERO

B R O C H U R E

**SOLUTION**

The CZERO application identifies the end-to-end emissions produced from a particular journey, guiding you through the capture process to reduce emissions actions using the power of dynamic case management.

**REDUCED CARBON FOOTPRINT A GUIDED MATURITY JOURNEY**

CZERO application goes further than any emissions tracker by helping your organisation through a guided journey to reduce emissions.

Continue the process until Carbon goal is reached.

1 Set carbon-neutral goals for your organization.

2 Capture your entities and define which journeys you want to target.

3 Automatic monitoring of carbon emissions at every stage of your green journey.

4 Implement manual or automatic interventions to reduce carbon footprint.

5 Dynamic Case Management and AI suggest Next-Best-Action for Carbon Reduction.

6 Continue the process until Carbon goal is reached.

**Solution Differentiators**

CZERO doesn't just provide monitoring capabilities. It goes further and drives a guided maturity journey, identifying fully automated goals and setting targets for carbon emissions data feeds to drive automatic reduction capabilities to suggest proactive methods to reduce emissions.

**Carbon Emission Management**

- Capture Emission Drivers for each Entity
- Calculate Emissions
- Dynamic Reduction Actions
- Monitor and Re-evaluate

CZERO uses Pegar's BPMN Workflows to enable organisations to define their carbon-neutral goal and capture steps to achieve it.

**Goal Creation**

- Set Carbon Neutral Goal
- Capture Entities (offices, people, cars, etc.)

**Application Capabilities**

Benefits include specific insights into actual processes, activities, and resources.

- Enhanced emission monitoring at individual process level and organization level
- Real-time carbon footprint feedback
- Flexibility to integrate with any third-party enterprise solutions and internal processes
- Adapt to each customer need across multiple vertical industries
- Application advisory capabilities to automate improvement initiatives

**Introducing the power of CZERO:**  
Dynamic case management and powerful AI, defining the path to proactively reduce Carbon Footprint with CZERO application.

## Tumela Nkuma

(Manager, Mpumalanga)

Quick and easy to use! I had my website hacked on a Friday night. I called Swift Radiant on Saturday morning, they got me up and running by Saturday evening. They were able to take care of everything for me without any hassle, which is exactly what we wanted.

## Kamalesh Gupta

(Managing Director, Colorplas LLP)

I was looking for a social media management service that could help me create a strong online presence to our brand. I found Swift Radiant, and they are doing a great job. Impressed with their minimalistic designs for the social media creatives and strategies that are implemented to grow our online presence.
